We obtained from the Audit office lists, purporting to be more or less complete, of the various kinds of allowances now drawn by officers and we referred them to a small Sub Committee of our own for careful examination & scrutiny in the light of the above principles. The detailed recommendations of this Sub Committee were afterwards reviewed in full Committee & adopted with certain modifications. The lists as finally revised with remarks indicating which allowance may be abolished & which may be reduced in amount, are appended.

DUTY, LOCAL AND OTHER ALLOWANCES.

The recommendations of the Retrenchment Committee on this subject are contained in pages 31 to 36 and appendix(i)to(xix) of the Report.

A copy of my note which was considered by the Committee is also placed on file for reference.

As observed by the Committee this subject has been considered on several occasions in the past and I may add that the cases where the extra allowances might be given or continued have been narrowed down as far as possible.

Broadly speaking there is not much difference of opinion as regards the general principles ~~on~~ which should ~~be~~ regulated the grant of allowances in addition to pay.

The difficulty that has been felt or the anomalies that are noticed rest on the application of the principles to the actual circumstances of individual cases.

The Committee are of the opinion that " all allowances of every kind now being disbursed should be carefully reexamined on their merits".

The need for such special examination will be clear from the following instances:-

The Committee recognise that additions to pay may be allowed in cases where an officer is employed on arduous work outside his ordinary sphere of employment or on temporary detached duty involving responsible and heavy work. But they recommend that the construction allowances granted in

NOTE—Contn. Sheet.

P.T.O

the Public Works and Railway Departments should cease, though their continuance may possibly be justified on the ground that they are given for "temporary detached duty involving responsible and heavy work".

The special duty allowance now given to Dr.B.Narasimha Iyengar who is engaged on Soil Survey work is also proposed to be abolished. But it may be argued that according to the principle accepted by the Committee the continuance of a special duty or temporary allowance in the case would be quite reasonable.

Similarly, according to the Committee's view an allowance might be given to the holder of an appointment involving work of a specially difficult or arduous nature or specific risk or danger. Acting on this principle the Committee have recommended that the Superintendent, Mental Hospital may be given an allowance of Rs 50/- "in view of the unpleasant and difficult nature of the duties." On the other hand the allowance now given to the Officer in charge of Game and Tiger preserves is proposed to be abolished.

I mention these instances just to show the difficulties in the application of general principles to individual cases.

There are however certain concrete proposals formulated by the Committee which require consideration and orders before we can proceed to the individual cases.

The Committee recommend that the claim for duty allowances should not be recognised in the -- following cases:-

Serial No.

(1) Additional work should not be the ground for allowances unless it is entirely outside the normal duties or unless such addition entails more than a reasonable day's work.

(2) An Officer of one Department transferred or lent to another for employment within his branch of duty should not be given an allowance.

(3) Secretariat and Head Quarter allowances should as a rule be abolished.

(4) Absorbable personal allowances now granted to certain Medical Officers in consideration of their possessing European qualifications should be discontinued.

(5) All allowances classed as 'Local' and granted on account of unhealthiness of a locality or of the expensiveness of the duty should cease.

(6) As regards the conveyance allowances the Committee's view is in conformity with the existing orders and they have proposed cuts total or partial only in a very few cases.

(7) Tentage allowance is now given only to District Survey Officers and this is proposed to be abolished.

(8) As regards free quarters and house rent allowances, the Committee recommend that the concession should be withdrawn as a general rule and that such special treatment should be limited to the cases of officers who are required to reside within the close proximity of the place of duty.

(9) Multiplicity of allowances should be

WD 3120—GPB—500—2-5-30

be avoided. In the exceptional cases in which a conveyance or other fixed allowance is considered necessary in addition to duty allowance, the officer may be given only one consolidated allowance within the prescribed maximum limit.

(10) It is also desirable to limit the duty or extra duty allowances where their grant is permissible.

As regards the personal allowances including the duty allowances granted to officers as personal to themselves the Committee have only observed that they should be absorbed at the earliest opportunity.

To avoid undue hardship to the existing incumbents whose allowances are proposed to be cut or reduced the Committee suggest that their proposals relating to additions to salary which are now in the nature of duty allowances may be given effect to in two stages: a 50% cut immediately, and the grant of full effect to the remain on change of incumbents.

In the case of other allowances which are in the nature of perquisites or privileges the continuance of which is considered unnecessary, the retrenchment may be given effect to at once.

The Committee's proposals mainly relate to gazetted officers. As regards the non gazetted officers they have made the following general recommendations.

(i) The maximum allowance admissible to a non-gazetted officer should be limited to Rs 30/- per mensem.

(ii) The rules regarding the grant of malnad or special locality allowance in force in the general departments should be extended to the Railway, Police and Military Departments also, in supersession of the rules and orders if any in force in them.

Serial No.

14462
28. AUG. 1931

Lastly the Committee suggest the issue of a comprehensive order setting forth the general principles governing the grant of allowances in future and embodying a complete schedule of allowances so granted.

All these recommendations may be generally accepted.

In the appendix attached to the Report the Committee have made specific proposals regrading the abolition or reduction of allowances now given to officers. According to the Committee's recommendation an ultimate saving of Rs One lakh per annum is estimated.

These individual proposals require close examination and it may perhaps be necessary to obtain the opinion of Heads of Departments and the University before final orders could be passed.

This may be circulated for Consideration at the next Council Meeting. The general policy to be adopted in dealing with these proposals has first to be decided and with reference to it further action has to be taken after Consulting the Heads of Departments Concerned - The Matter is urgent and has to be dealt with promptly.

Duty Allowances proposed for abolition by the retrenchment Committee in the Railway Department are detailed in the enclosed list. They are of two kinds.-

1. Special charge allowance allowed to District Traffic Superintendents, Dist. Loco Superintendent and the Chief Store-keeper.

Officers holding similar rank in the Engineering Department are given a grade pay of Rs.500-25-850. The District Officers of other Departments have not yet been given this scale owing to financial stringency though the responsibility of charge is same for all. These Officers when they were promoted to District Rank, were given as a special case a charge allowance of Rs.50/- and (Rs.75/- in the case of Assistant Traffic Manager as he was already drawing Rs.50/- per mensem) in lieu of increased salary for District charge. It is not therefore really of the nature of a Duty Allowance, and I therefore recommend the allowance being continued to these Officers till they are given increased grade.

The Chief Store-keeper is besides an Head of a Department for whom no special pay is sanctioned.

2. Secretariat allowance of Rs.50/- to Assistant Agent.

There is no whole time Assistant Secretary for the Railway Department. The Assistant Agent entrusted with these duties has been allowed to draw this allowance as Secretariat

duties do not pertain to the Agency, and this has long been in vogue. The present incumbent has also been drawing this allowance since 1923. When the list of Duty Allowances was reviewed by the Special Finance Committee of 1924, it was also retained. Besides this the allowance has since been made as a part of the Officer's emoluments (vide G.O.No.1365-66 dated 30th Septr 1929) and it counts for the Officer's pension. As more additional work is thrown on him due to the recent abolition of the post of the Personal Assistant to the Agent, I am of opinion that this should not be abolished as it would be an undue hardship to the Officer.

The proposals of the Retrenchment Committee in regard to the reduction of expenditure on the various classes of allowances granted to officers were discussed in Council on the 7th and 8th September 1931, and some tentative decisions arrived at. It was proposed to obtain further information in regard to the following cases before arriving at a decision:-

(1) It was generally agreed that Wardens of Hostels need not be given any allowance where they are provided with free quarters. This point may be verified in the case of the Wardens of the Hostels Maharaja's College, Mysore and the Engineering College, Bangalore.

(2) Miss. Lazarus, Headmistress of the Vani Vilas Institute, is given a house rent allowance of Rs.50/-. It may be verified if Miss. Lazarus is living in the vicinity of the Vani Vilas Hostel.

(3) Grant of a House Rent Allowance to the Head Mistress of the Maharani's Girls' School at Mysore, to be also examined.

(4) Information regarding the circumstances connected with the allowances that are now drawn by the undermentioned officers may be put up:-

Pages 31 to 36 of the report

Section 4 of the Final Report of the Retrenchment Committee contains their recommendations in regard to the principles on which the grant of allowances of all kinds should be regulated and the retention, reduction or abolition of allowances now drawn by gazetted officers. These recommendations were considered at three Meetings of the Council on 7th, 18th and 22nd September 1931. The conclusions at which the Council arrived, are embodied in the draft order herewith submitted.

Draft for abstract

As pointed out by the Committee, there is no justification for continuing most of the allowances, especially in this time of financial stress. The Committee have recommended that where Duty Allowances are proposed to be abolished or reduced, the officers who are now in receipt of them, might be allowed half the present rates, the retrenchment being given full effect to at the next change of incumbents. As regards other kinds of allowances, however, the Committee suggest that immediate effect might be given to the reduction or abolition decided upon. The Council is of opinion that it is not necessary to adopt this distinction and that, wherever it is found possible to abolish or reduce allowances, the arrangement might be given effect to at once.

There are a few cases of officers in receipt of allowances who are working in the Palace and I am submitting them separately for orders.

I beg the gracious approval of His Highness to the draft order herewith submitted.

My dear Krishna Rao,

I am desired to return your file No.45 of the 25th September last and to say that His Highness the Maharaja concurs with you as regards the application to officers who are working at the Palace of the general principles adopted in the matter of allowances.

In the case of Mr.Narasimhachar he considers that it would be appropriate to reduce the allowance by half, and has issued orders accordingly.

Yours sincerely,

Submitted to His Highness.

I beg to submit that the following officers working in the Palace, a r e in receipt of allowances as under:-

1. Mr. M. Rama Rao	Asst. Secretary on the Personal Staff of His.Highness the Maharaja.	Duty Allce.	Rs 100.~~00~~
2. Mr. Sadeg Z. Shah	- do.-	Personal Allowance	Rs 100.~~00~~
3. Mr. Narayan V.Bapat.	Palace Engineer and Supdt.,Fern Hill Palace	Local Allowance	Rs 100.~~0~~
4. Mr.A.Narasimhachar.	Finl. Asst. to Huzur Secretary.	Duty Allowance	Rs 200.
5. Mr. N.Neelakantappa.	Asst. Engineer, Palace Deptt.	Local Allowance	Rs 50.~~0~~
6. Dr. N. Rangachar	Surgeon	Duty Allce. Local ,, Convey.ce ,,	Rs 50)~~0~~ Rs 50)~~0~~ Rs 40)~~0~~
7. Mr. D. N. Neelakanta Rao.	Officer in charge, Game and Tiger Preserves.	Duty Allowance	Rs 50.~~0~~

Page 320 of the report

One of the principles recommended by the Retrenchment Committee is that, when an officer is employed within his branch of duty, no allowance in addition to his pay should be given unless the duty on which he is employed is of a specially arduous nature. If the cases of Messrs N. Rangachar, Narayan V. Bapat, N. Neelakantappa and D.N.Neelakanta Rao, are dealt with as those of others working in departments of Government, the Duty and Local Allowances now drawn by them cannot be continued. It has been proposed to reduce the Duty Allowance of the Private Secretary to Dewan from Rs 100/- to Rs 50/-. On similar grounds, the allowance of Mr. Rama Rao would have to be reduced to Rs 50/-. The allowance now drawn by Mr. Sadeg Z. Shah was an addition sanctioned to his salary with a view to enable him to draw first class railway fare. It would appear, therefore, to be really a case of Duty Allowance and would have to be reduced to Rs 50/- as in the case of Mr. Rama Rao. The allowance drawn by Mr. A. Narasimhachar is paid from Palace Funds and it would have to be suitably

reduced in view of the need for economy.

I submit the case for the gracious orders of His Highness.

Dear Mr. Srinivasa Iyengar,

With reference to your enquiry with regard to house rents, I am writing to say that the present Head Mistress of the Vani Vilas Institute, Bangalore, is not living anywhere near the institution but in the C & M. Station. She wrote to me some time ago when I made enquiries in the matter. Although she lived far away she was in the habit of visiting the Hostel frequently and wanted this to be considered a fulfilment of the condition laid down in the Government Order sanctioning the house rent.

The Head Mistress of the Maharani's High School is paid Rs.30/- per mensem as house rent, but there is no special order defining the basis on which the rent has been given.

Yours sincerely,
N. S. Subba Rao

Proceedings of the Government of His Highness the Maharaja of Mysore.

R e a d :-

The recommendations of the Retrenchment Committee regarding the grant of allowances in addition to salaries contained in their Final Report received with letter No.285 dated 12th August 1931.

O R D E R thereon No. F.C 2320-2370 S&A 123-31-1

Dated, Bangalore, 2nd ~~September~~ October 1931.

The Committee have exhaustively reviewed the general principles which should regulate the grant of duty, local and other allowances to officers, in addition to pay or salary and have observed that there is scope for considerable retrenchment in the allowances now being disbursed.

2. Keeping in view the general conditions of service under Government, the Committee propose that no claim for an allowance in addition to salary should be recognised except under special circumstances. They have also defined the classes of cases in which allowance might or might not be given.

3. The several kinds of allowances dealt with by the Committee are:-

(1) Duty allowances.

(2) Personal allowances.

(3) Local allowances.

(4) Conveyance allowances.

(5) Tentage allowances.

(6) House rent allowances or free quarters.

P.T.O.

4. Duty allowances:- The Committee are of the opinion that additional work should not be a ground for an allowance unless it is entirely outside the normal duties of an officer or unless such addition to duty entails more than a reasonable day's work.

In their view additions to pay should not be allowed except in cases where an officer is employed on arduous work outside his ordinary sphere of employment or on temporary detached duty involving responsible and heavy work.

They recommend that an officer of one department transferred or lent to another for employment within his branch of duty should not be given an allowance, and that the allowances now granted to officers borne on a general cadre and transferred for work in the Secretariats or in Central offices at Bangalore and Mysore be abolished.

5. Personal allowances:- The Committee consider that the grant of personal allowances should be limited only to cases where officers are entitled to compensation for loss or reduction of emoluments consequent on the abolition or reversion of the pay of appointments held by them.

They are of the opinion that absorbable personal allowances now granted to Medical Officers below the Surgeon's grade in consideration of their acquiring European qualifications may be discontinued.

P.T.O

6. Local allowances:- It is suggested that all allowances classed as Local and granted to officers on pay exceeding Rs 50/- on account of unhealthiness of locality or the expensiveness of duty be entirely stopped.

In the case of the lesser paid non-gazetted officials however, the Committee have no objection to the grant of special locality allowance at the rate of one anna in the rupee of pay drawn according to the rules sanctioned in the Government Order of 27th October 1926. And they add that these rules may be made applicable uniformly to all departments in the State including the Railway, Police and Military Departments in supersession of any special rules that may be in force in them.

7. Conveyance allowances:- As regards conveyance allowances, the Committee recognise the principle that an officer having to make within a limited area, frequent journeys for which ordinary travelling allowance would not be admissible, is entitled to some compensation for meeting his out-of-pocket expenses. But they add that if in fixing the pay of an appointment, this factor is taken into account, there is no need for the grant of a separate conveyance allowance.

8. Tentage:- The Committee are of the opinion that under present conditions it is unnecessary to continue the tentage allowance to any officer and that its grant to officers of the Survey Department may be abolished, suitable arrangements being made for providing them with office accommodation ~~at Head Quarters~~

~~Quarters as well as in camp~~.

9. Free house accommodation:- As regards the provision of free quarters or the grant of house rent allowances instead, the Committee observe that except in the cases of officers who are or may hereafter be entitled to them as part of their terms of employment, the concession should be strictly limited to officers who are required in the public interest to reside within the close proximity of the place of duty.

10. Keeping these general propositions in view the Committee have examined the several cases of allowances now given to Gazetted officers and have made specific proposals regarding their ^ curtailment, abolition or reduction, resulting in an ultimate saving of Rs 1 lakh per annum.

11. As regards non-gazetted officers they observe that the allowances given to them do not appear to be generally excessive. It is suggested however that a maximum of Rs 30/- may be fixed as the aggregate limit up to which allowances of any kind may be given to non-gazetted officers.

12. The principles enunciated by the Committee for regulating the grant of allowances are, on the whole, well-considered and will generally be kept in view in dealing with cases that come up for consideration. It must, however, be remembered that it would be more costly to fix separate rates of pay for all appointments and the entire abolition of the arrangement of giving allowances in addition to pay would also

also not afford scope for making inter-departmental transfers according to the needs of departments and capabilities of officers. It is, of course, necessary that the grant of allowances should be limited only to cases in which any other arrangement would be more expensive.

13. Government have carefully considered the specific proposals of the Committee relative to the allowances (other than Personal) now disbursed to Gazetted officers and are pleased to accept them with a few modifications.

The cases of additions to pay granted to officers as personal to themselves and of all allowances now given to non-gazetted officers are reserved for separate consideration and pending further orders they will continue to be disbursed to them as per existing sanctions.

14. As regards all other allowances the decision of Government is embodied in the annexure to this order. The revision will have effect from 1st October 1931.
